

# Client case study

<b>Qtac Payroll</b>		
<b>Date added:</b>	12 October 2015	
<b>Categories:</b>	Application Hosting, Development, Hosting, Private Cloud	
<b>Description:</b>		
<p>Qtac Payroll are dedicated to developing and delivering payroll solutions for businesses, accountancy firms and specialist payroll bureaux, and have been at the forefront of the industry for over ten years. Their commitment to ensuring their clients are provided with a first class service means they work tirelessly behind the scenes to keep their software easy to use, and available at all times of the day.</p> <p>Cloud Heroes were brought in to provide Qtac with scalable, high-performing web and app hosting to support them as they move towards delivering a powerful cloud based solution. Our developers have built the website and cloud software that allows Qtac’s customers to interface directly with the payroll software and we continue to work closely with Qtac’s own developers to add further value to their products.</p>
