

Website hosting

**Reliable, superfast
UK based hosting**

When you need high-performance, secure and reliable hosting for your website, choose from our range of hosting packages to suit your budget and requirements. We offer guaranteed uptime and only use ultra-secure UK based data centres to give you peace of mind.

Our hosting packages are flexible and scalable. Ranging from Starter (the bare-bones) to our recommended Business package designed with SMEs in mind to the fully-fledged Pro, which includes unlimited web traffic and is perfectly suited for resellers. Business and Pro will give you everything you need to run your business online, including email and a free SSL certificate.

Additional benefits

- **Peace of mind**
Servers managed and maintained around the clock for ultimate performance and reliability.
- **Ultra secure**
Disaster recovery backups to geographically diverse UK data centres for maximum security.
- **High performance**
Some of the fastest time-to-first-byte speeds with our highly responsive servers for improved SEO.

Our commitment to you

- Direct telephone and email access to our UK based support team.
- Our infrastructure is monitored and maintained on a 24-7-365 basis.
- Our network is designed to be resilient, highly available and self-healing.
- All our operations conform to ISO 9001 standards.
- All our data centres are UK based and conform to ISO 27001 standards with the option for environments that support PCI-DSS compliance.
